

Omnilert Case Study

Mountain Empire Community College

Introduction

This case study of Mountain Empire Community College is based on an April 2020 survey of Omnilert customers.

Challenges

The institution's challenges that led the profiled college to evaluate and ultimately select Omnilert were:

- Keeping people safe
- Upholding the reputation of the school

Use Cases

The surveyed institution has used Omnilert for:

- Inclement weather
- Power outages
- Pandemic communications
- System testing

Results

The surveyed institution achieved the following results with Omnilert:

- Ability to immediately initiate emergency notifications
- Emergency response plan is now **75% or more stronger**

**“I chose
Omnilert for
the college
because of the
ease of use and
the availability
of immediate
notifications, if
needed.”**

Ron Vicars, Vice President

Mountain Empire Community College

About Omnilert

Omnilert is the pioneer and most trusted name in emergency notifications and management.
