

Critical Communications Across Your Organization, Instantly.

AT OMNILERT, WE UNDERSTAND

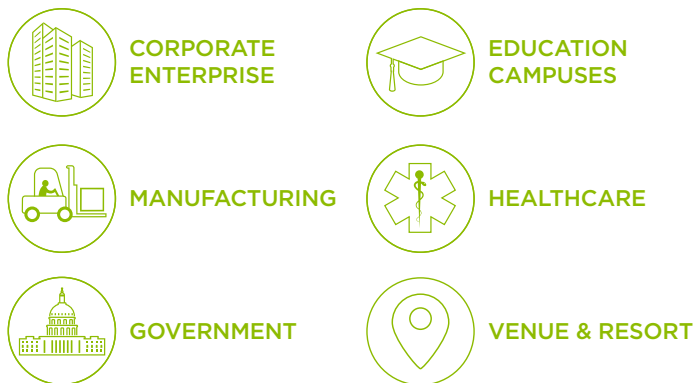

Organizational safety is a full-time job. During critical events, getting the right message to the right people is an imperative piece of your emergency response plan. Preplanned communication, situationally aligned, and delivered to the right people reduces human error during times of high stress. Before things get hectic, you've already gotten the word out.

Clear communication promotes confidence and peace-of-mind across an organization.

Calm. Cool. Communicated.

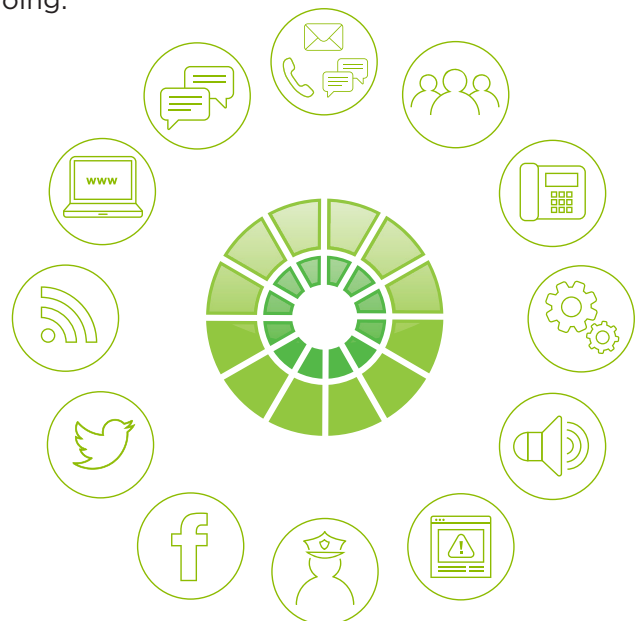

DESIGNED AROUND YOUR ORGANIZATION

Emergencies can happen everywhere - from the manufacturing floor to the campus quad. Our unique approach to emergency planning, notification, and response provides you with an effective and reliable solution for your industry.

OMNIMODAL™ APPROACH

Initiate critical response communications across all technologies and devices to reach every person no matter where they are or what they are doing.

A Connected Organization is Informed and Informed People are Empowered.

SCENARIOS® — AN OMNILERT EXCLUSIVE

With Scenarios, you can align, capture, and initiate your organization's emergency response plan's predefined series of unique actions. Emergency response is quicker, easier, and more effective.

Response actions can include:

- Launch unique messages and guidance to specific groups and end points
- Activate connected safety hardware's response capabilities
- Initiate Unified Command via web or conference call

There's no limit to the possibilities, providing you the ability to integrate with an increasingly connected world to improve critical communications.

+ INTUITIVE USER INTERFACE

Ease of use to meet your demands. Designed for use under duress, you can get up-to-speed quickly and take action when needed. It is powerful and feature-rich, yet easy to use.

+ CLOUD-BASED ANYWHERE ACCESS

Reliability you can count on. Your organization is provided a failure-resistant infrastructure and you can log in from any desktop or mobile device.

+ MOBILITY

Interaction with, and control from, mobile applications. Omnilert offers Native apps in the Google Play and Apple App stores, as well as an Instant app to provide the app experience to all subscribers without requiring users to download anything.

+ FUTURE-PROOF INVESTMENT

Get automatic feature upgrades. Omnilert's constant innovation keeps you up to date with what's next in critical communications.

+ ACTIONABLE REPORTING

Get proof that it works. Track recipient confirmations, polling, and other feedback; analyze response effectiveness; and access statistics on subscribers, messages, and more.

+ FLEXIBLE USER MANAGEMENT

Optimize subscriber involvement. Select opt-in or opt-out subscriptions, self-service via the web or text messages, and administrator uploads. Connect systems directly with the Omnilert API.

+ SUCCESS PROGRAM

Maximum preparedness. A dedicated team to help you set-up, customize, deploy, train, test, and improve — constantly — accessible 24/7.

When the unplanned occurs, launch pre-planned communications.
