

Omnilert Case Study

Waikiki Health

Introduction

This case study of Waikiki Health is based on an April 2020 survey of Omnilert customers.

Challenges

The organization's challenges that led the profiled company to evaluate and ultimately select Omnilert were:

- Keeping people safe
- Maintaining continuity of operations
- Complying with communication regulations

Use Cases

The surveyed organization has used Omnilert for:

- Inclement weather
- Drills

Results

The surveyed organization achieved the following results with Omnilert:

- Ability to immediately initiate emergency notifications
- Emergency response plan is now **75% or more stronger**

**“I chose
Omnilert
because of the
service, pricing,
features, and
ease of setup.”**

Liz Makarra
**Director of Emergency
Operations**
Waikiki Health
